

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Cancelled)
2. (Previously Presented) A printer cartridge according to claim 5 wherein the first and second print chips abut together to extend the length of the printhead.
3. (Cancelled)
4. (Previously Presented) A printer cartridge according to claim 2 including electrical connectors located at opposing ends of the printhead and in electrical communication with the first and second print chips respectively.
5. (Currently Amended) A printer cartridge comprising:  
a body configured for user insertion and removal from a complementary cradle in an inkjet printer;  
printing fluid storage ~~mounted to the body;~~  
a pagewidth printhead ~~mounted to the body for printing a media substrate when inserted in the complementary cradle, the pagewidth printhead~~ having a first print chip and a second print chip, ~~the first print chip and the second print chip each having an array of nozzles fabricated on monolithic substrates;~~ and,  
a fluid connection between the printing fluid storage and the first and second print chips; wherein,  
the length of the first print chip added to the length of the second print chip is at least equal to the length of the pagewidth printhead.
